Reflect

May the vision of safety be with us all

Ask your supplier for test data certification, confirming the lens properties before you procure any IR lens.

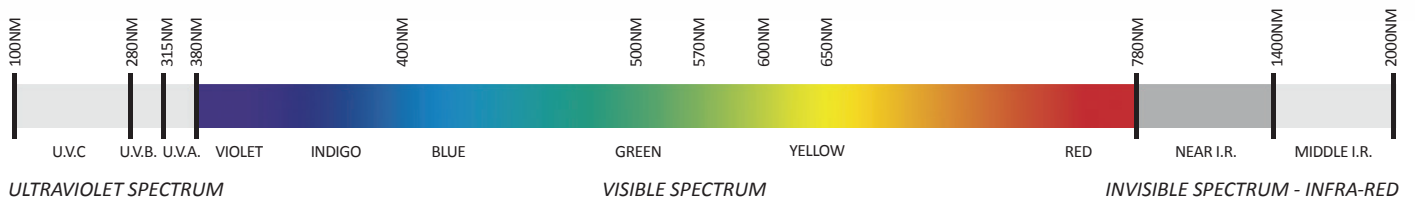

We bring you a dedicated eye protection technology for cutting & welding operations. Reflect™ is designed specifically for welders, providing users with a practical solution for their demanding work environment.

Functional, Comfortable, Practical. That's Reflect™.

This IR5 Welding spectacles are an ideal solution for your workforce. They absorb harmful ultraviolet, visible and Infrared radiation, protecting the eyes & allowing the user to better see the "weld pool".

WARNING: NOT APPLICABLE FOR ELECTRIC ARC WELDING
